Dave Ramsey's Original ELP

"Having the opportunity to work with Dave Ramsey as his ELP has been so rewarding. Selling or buying a home is often a big factor in a client's Baby Steps. Being in this position enables our team to help fellow Dave Ramsey fans achieve their financial goals in a large, meaningful area of their lives. We look forward to assisting you, and thank you for the opportunity.

In 2002, Dave Ramsey's office launched the ELP program in the Upstate and approached Connie Rice & Partners to interview as the only ELP serving our area here in the Upstate at that time. Initially impressed with Connie's long-time experience in the local market and the team's work ethics, Dave's team quickly learned that Connie and her team were a natural fit for the position. Not only do they practice the Financial Peace philosophy in their business and personal lives, they believe in it.

In 2011, Dave asked Connie Rice & Partners to be apart of an advisory panel, sharing the ELP philosophy & teaching how to best serve Dave's listeners from a first-hand perspective with over 320 attending Realtors from across the country. In 2012, as one of Dave's top 10 ELP's, Connie Rice & Partners received an invitation to visit the Dave Ramsey Studio, enjoy dinner with Dave and his wife Sharon, and to visit with them at their home in Tennessee.

In July 2013, Connie was invited, as one of Dave's top 15 ELP's in the United States, to attend a Mastermind Event at the Dave Ramsey Financial Peace Headquarters.

How we help with NEW CONSTRUCTION

FREE REPRESENTATION

Buyer representation is provided to you at no cost and can help you negotiate in pricing.

KNOWLEGE

We bring this knowledge to the table along with a market analysis, expertise, and advice.

NOTHING TO LOSE

If you do not hire a qualified realtor to represent you, the price of the home will not be reduced.

LINGO

We know how to speak in a "sales language" to the onsite sales representative and "construction language" to the manager or superintendent overseeing the new construction.

EXPERTISE

We can remind you to inquire about a variety of things with a new home construction. We can clarify details of a construction process, appraisal, contingencies, builders warranty, potential issues in construction, down payment, inspections, financing and much more.

MARKET ANALYSIS

This is especially important when the real estate market changes and there might be information you should take into consideration before deciding on a new community or new construction.

COST

Your buyer's representation will be covered by the builder. It's important to visit new communities with your agent or disclose that you have your own buyer's agent. This will protect your right to FREE representation later on.

ADVICE

We will provide you with objective advice on a number of issues concerning the purchase of a new construction. Your buyer's agent acts as an exclusive advocate during the sale and can often provide you advice that can help you navigate the complicated process.

CONTRACT ASSISTANCE

We will assist you with the pricing, terms, and conditions of a contract. This assures your understanding of the new construction process and allows you to make educated decisions.

EASE

We will allow you to engage the buying process with a clear, stress-free mind and attitude that would otherwise be stressful, complex, and heavy. We help explain everything from the start of the buying process to well after the sale, often helping new home buyers with every angle of their purchasing experience.

7 STEPS TO HOME OWNERSHIP

1. Decide to buy
2. Secure Financing
3. Hire your Realtor
4. Find your home
5. Make an offer
6. Perform Due Diligence
7. Close

STEP 1: DECIDE TO BUY

Deciding whether or not to buy?

Consider this: A home is the largest financial asset most people have due to equity and appreciation over time. In a few years you can use your equity to trade up to a better home. Or, you might consider using some of your home equity to invest in a rental property or a second home.

Financial net worth comparison, according to the U.S. Federal Reserve (2019)

Median net worth of renters = \$6,300

Median net worth of homeowners = \$255,000

Connie Rice & Partners
EXPERIENCE THE DIFFERENCE

The Process

STEP 2: SECURE FINANCING

1. Choose a loan officer (or mortgage specialist).
2. Make a loan application and get pre-approved.
3. Determine what you want to pay and select a loan option.
4. Submit to the lender an accepted purchase offer contract.
5. Get an appraisal and title commitment.
6. Obtain funding at closing.

Prequalification:

A rough estimate of how much you can borrow.

Preapproval:

A formal application process that provides you with a formal commitment from a lender stating how much you can borrow and at what rate.

HAVE-ON-HAND

- A month's worth of your most recent pay stubs.
- Copies of your last 2 years federal tax returns & income statements.
- The names and addresses of your employers over the last 2 years, compiled into 1 list.
- The last 3 months of bank statements.
- A copy of your real estate agreement.
- The names and addresses of your landlords over the past 2 years.
- Divorce/Separation decree.
- Child support papers
- Discharge of bankruptcy papers

PROTECT YOUR LOAN!

DO:

- Notify your lender of any address change.
- Notify your lender of any salary or wage changes
- Be prepared to provide proof of significant bank deposits
- Acquire homeowner's insurance immediately after going under contract
- Keep all forms of debt paid and in check

DO NOT:

- Make large purchases using existing credit without first talking to your lender
- Apply for, or acquire any additional lines of credit
- Pay off, transfer, or close credit balances unless your lender instructs you to do so.
- Change jobs without first talking to your lender.
- Co-sign for another person seeking to obtain a line of credit or to make a purchase
- Pay off collections before conferring with your lender

STEP 3: HIRE YOUR REALTOR

Why You Need Representation

Real estate transactions are more complex than most people realize. Almost all elements of a transaction are NEGOTIABLE. Whether the negotiations will be in your favor as the buyer, greatly depends on whether you have proper representation by a Buyer's Broker.

Traditional brokerage practice makes the real estate listing agent (Licensee) and agent, or sub-agent of the seller. They must get the "best deal" for the seller. This includes pricing, marketing, and contract negotiations. That seller's agent may not point out any negative features to you when you inquire about the home they have for sale.

However, when you are a buyer and employ a Buyer's Broker, such as Connie Rice and Partners, that agent will work to get the best deal for YOU. They will look out for your best interest during the entire process BEFORE you get involved in a contract.

They will point out both positive and negative features of the home and area. You will receive information about the value of the property, which will help you to make an informed choice and offer a fair price for the home according to the market comparison and the current market conditions.

As a buyer, it is recommended to have an agent represent you and work for you. There is generally no cost to you. If the seller is listed with the MLS (Multiple Listing Service), they have agreed to pay their agent and the buyer's agent on behalf of the buyer. If the home you are interested in is a For Sale by Owner (FSBO), then that will be addressed separately in the "Exclusive Right to Buy" buyer's contract.

It is required by law that all of these options are explained so that you, the buyer, understands who the agent is representing.

If you are seriously interested in purchasing a home and receiving Client-Level Services, we will provide you with an Agency Disclosure brochure to start the process. This brochure explains in more detail the relationship between buyers, sellers and their real estate agents.

- Seek Pre-Approval from a lender prior to viewing homes.
- Formulate any offer, on any property, through me. I do not get paid if I do not write the contract.

STEP 4: FIND YOUR HOME

1. Define your home criteria. Analyze your values, needs, and wants.
2. Consult with your Realtor to understand the rules of your market.

WHEN VIEWING A HOME:

YOU LOOK FOR:

- Layout
- Space
- A sense of value
- Convenience to location
- Features & amenities

YOUR AGENT LOOKS FOR:

- How the home compares in terms of size, layout, and value to other homes in the area
- Maintenance & structural concerns

YOU WANT TO VIEW A HOME:

THAT YOU NOTICED:

- In an Advertisement
- On Social Media
- A Yard Sign
- Open House
- New Construction
- Heard about from someone you know
- For Sale By Owner
- ANYWHERE ELSE

NO MATTER WHERE YOU FIND OUT ABOUT A HOME THAT IS FOR SALE (OR WILL BE SOON) THAT YOU'RE INTERESTED IN, YOU ONLY NEED TO GIVE US OR YOUR AGENT A CALL.

OUR TEAM SHARES A COOPERATING RELATIONSHIP WITH ALL REAL ESTATE OFFICES WITHIN OUR COMMUNITY, MEANING WE CAN SHOW YOU PROPERTIES THAT ARE LISTED WITH US OR ANY OTHER BROKER IN OUR AREA. WE CAN ALSO ASSIST YOU IN NEW CONSTRUCTION AND "FOR SALE BY OWNER" TRANSACTIONS.

STEP 4: FIND YOUR HOME (CONTINUED)

1. Define your home criteria. Analyze your values, needs, and wants.
2. Consult with your Realtor to understand the rules of your market.

DEFINE CRITERIA:

- Who will be living in this home? Think about adults, children and pets. Think about how often you have overnight guests as well.
- What are your "non-negotiables" for you home? Try to narrow it down to 5 or less. Think about location, in or out of a neighborhood, etc.
- What are some things that you really want, but not necessarily need?
- What type of home to you want? Single-family, condo, townhouse, etc.
- What square footage would fit your needs, and how many stories?
- Think about architectural styles and exterior features that appeal to you.
- If you have pets, will you need a fenced yard? How large of a yard would you need/want?
- What interior features do you like? Open floor plan, formal, traditional, modern, minimalist, etc.?
- How many bedrooms and bathrooms do you need? Think about whether or not you'll need a home office, playroom, craft room etc.
- What kind of kitchen and dining situation do you need to make you most comfortable? Large with lots of space and storage? A breakfast nook? Formal dining room?
- What finishes do you like in the kitchen? Natural, white, bright, farmhouse, stone, wood, etc. Consider storage needs for your current possessions as well as how often you spend time in the kitchen.
- Consider making a list of favorite neighborhoods, or amenities that you'd like in your neighborhood.

Connie Rice & Partners
EXPERIENCE THE DIFFERENCE

The Process

STEP 5: MAKE AN OFFER

COMPONENTS OF AN OFFER:

- **PRICE:** Offer must reflect the true market value of the home.
- **CONTINGENCIES:** Often referred to as "conditions" that allow you to opt out of a deal if the home has a problem (financing, insurance and inspections)

WHAT IS A FAIR PRICE?

- Determine the market
- Find out how much the seller paid
- Examine comparable sales
- Analyze List-Price-to-Sales-Price-Ratios
- Check Square-Foot cost averages
- Ask for the home's history and Days on Market (DOM)

MULTIPLE OFFERS:

When inventory is lower, expect to pay over asking price or market value.

Ask yourself: "If tomorrow I don't get this house, will I be satisfied with the offer I made?"

BUYER'S MARKET

Demand is lower
Inventory is higher
Longer list time
Fewer offers
Lower-Priced offers
Price reductions

SELLER'S MARKET

Demand is higher
Inventory is lower
Shorter list time
Multiple offers
Homes selling above list price

Due Diligence

Due diligence in real estate refers to a buyer's investigation of the various aspects of a property, either before making an offer or (more often) **within a specific timeframe** between entering into the contract and closing, known as a due diligence period.

REAL ESTATE DUE DILIGENCE CHECKLIST

- If there is a seller's disclosure statement look over it carefully for any potential problems.
- Conduct a general home inspection that also checks for radon, mold, asbestos, insects, water quality, water penetration into the home, and lead paint.
- Have a septic system inspection if applicable.
- Check to see if the property is in a flood zone and if flood insurance will be required.
- Make sure there are no property line violations.
- If there is an HOA make sure it is sound financially, no pending lawsuits, and verify all covenants and restrictions.
- When buying a townhouse or condo make sure there are no special assessments or large upcoming fee increases.
- If you're buying a condominium or townhouse and you have pets, check to make sure they are allowed. Some HOA's in neighborhoods have restrictions as well.
- Ensure there are no open permits or work done that a building permit should have been pulled.
- Get a breakdown of the home's utility costs, and if the type of internet you need is available.
- Ensure there are no environmental issues in close proximity to the property.
- Your attorney will do a title search to make sure there are no liens or other title problems.
- Get Homeowner's Insurance quotes.
- Find out what warranties will transfer to you after your purchase, and obtain proper documentation.
- Look into anything else that is important to you, this is a general checklist.

Try not to be overwhelmed with this list, we are here to help you through this stage. Communication is key. Be sure to let your Realtor and closing coordinator know your most important concerns, and we will do everything we can to help you find answers.
